

Perfect Playdough!

1 cup flour

¼ cup salt

2 tbsp. cream of tartar

2 tbsp. oil

1 cup water

2 tsp. food coloring (can use less for lighter color)

Mix flour, salt, and cream of tartar in a pot. Add water, oil, and food coloring. Stir over medium heat 3 - 5 minutes. It will look like a gloppy mess then turn to dough. When there is a ball of dough in the center of the pot, remove from stove and let it cool. Place ball of dough on a floured surface and gently knead. Store in a Ziploc bag.
